**Content Types Included:** Test Preparation; Tutorials

The screenshot shows the 'College Preparation Center' page. A callout box at the top left says 'Create a LearningExpress account to access and save the full features of this tool.' Another callout box at the top right says 'Choose from several different Centers to find instructional materials.' A third callout box in the middle says 'Centers contain practice tests, ebooks, and tutorials...'. A fourth callout box at the bottom right says '...and cover a number of different topics.' The interface includes a search bar, a navigation menu with 'Home', 'Center Home', 'Guidance', 'Resources', and 'Other Centers', and a list of ACT® Practice Tests with descriptions and 'Launch' buttons.

### Unique Content

- Practice tests on many different topics.
- Guided tutorials.
- Instructional ebooks.

### Why Use?

- Complement classroom learning with online modules.
- Support transitions from primary to secondary school; from secondary to post-secondary school; and from school at any level into the workforce.
- Prepare for high-school equivalency exams, college entrance exams, and occupational exams.
